Disabilities Grant Program

What is the Disabilities Grant Program?

The Disabilities Grant Program is a program for eligible students with disabilities in Kindergarten through 12th grade to provide an option for parents to pay tuition, fees, and some other expenses at a participating school or homeschool.

The 2019-20 new student application for the Disabilities Grant Program opens February 1, 2019. Applications received through the priority deadline of March 15 are not considered on a first-come, first-served basis. New student awards will be offered to eligible students selected by lottery according to the new student priorities; see the [Program Overview](#). Students on applications received by March 15 will be entered in the lottery. The application will close June 1, 2019.

Apply via [MyPortal](#). [Click here](#) for MyPortal assistance.

Note: Children who are placed in a nonpublic school by their parents do not have a right to receive all of the special education and related services that they would receive if enrolled in the public schools. Likewise, a private school does not have a legal obligation to provide special education and related services to students with disabilities. Parents are encouraged to select a nonpublic school carefully and to establish a plan prior to enrollment which meets their child's educational needs.

Can public schools participate?

Public schools where tuition is required

- Tuition may be required if a student attends an out-of-district public school.
- Disabilities Grant can reimburse a family for this tuition.
- Disabilities Grant cannot reimburse other expenses besides tuition to this same family.

What types of expenses does the
Disabilities Grant cover?

Categories of expenses

Tuition

A. Direct disbursement to nonpublic schools on behalf of students

Schools are registered with North Carolina's Division of Nonpublic Education (DNPE) and with SEAA

B. Reimbursement to parents on behalf of students

Schools are registered with DNPE but not SEAA

Categories of expenses

Families may also be reimbursed for the following expenses:

- **Tutoring and Teaching Services:** instruction from a qualified provider
- **Curricula:** materials which support an academic program
- **Educational Therapies:** such as speech therapy or physical therapy from a qualified provider
- **Educational Technology:** used primarily for educational purposes for a child with a disability
